

An initiative by *sflc.in*

Digital Defenders Network

A pan-India virtual community of lawyers collaborating to defend against the growing invasion of our digital freedoms.

Want to lead landmark digital rights litigation across the country? Join the Digital Defenders Network now!

- Comprehensive 5-week online training program in cyber law and information technology.
- Assistance in filing cases before competent courts and authorities.
- Opportunity to collaborate with distinguished lawyers, academics, and policy experts in technology, open-source software, and data privacy.
- Invitations to events hosted by SFLC.in.
